“ My most treasured childhood memories are playing with Mark, Pat and Paula. We learned to roller skate in their basement and played a lot of billiard pool as well. We would play hide and seek day and night. We watched late night movies as our parents, Dean and Mildred Gaskill played cards with Joe and Delores. Our adventures included going to school at District 43 just a quarter of a mile from our homes. I am so sorry to hear of Mark's passing. The entire family is in our prayers.

I remember you and mom always watching the James Bond movies together, and all the card playing we did, getting together in the blizzards and your distinctive laugh. I know u are resting peacefully and will be watching over your family. Aunt Delores, Patty and Paula, may God help you through these trying times and give you peace, Love you all, Bonni
